HELIOS HD

Powerful Suspension
Car Transportable

- All round ultra-comfort suspension
- Heavy duty motor with 26 stone capacity
- Easy access tiller charger & powerful LED light
- Tackles inclines & hills with ease

Helios HD

The Helios HD has incredible full suspension which creates a seamless user experience, with a smoother and more relaxed ride.

Featuring a heavy-duty motor and 26 stone weight capacity, it is the ultimate portable pavement scooter, perfect for tackling hills or rougher terrain.

With fast and easy assembling and disassembling, it is ideal for those needing to transport the scooter. It features two charging points, one located on the tiller for quick and easy access and one on the battery pack itself for charging at a different location.

Its spacious footdeck and supportive deluxe adjustable seat ensure a luxurious driving experience. The Helios comes with a choice of pneumatic comfort or solid, puncture-proof tyres.

There is a selection of added extras available which make the scooter truly unique. Choose from a powerful LED front light, a drinks holder and a USB charging port, allowing you to charge your phone while you drive.
